

Tri-State Christian Service Camp

Senior Saints Trip

June 10, 2009

**Returning to the Living Waters Stage
April 2009 - Closing Season!**

They didn't always understand God's plan, but they came to understand that He does always keep his promises - in His time.

Desperately wanting a child, Abraham and Sarah are thrilled when God promises to bless them with one. But years go by. Decades. Their faith becomes tinged with bitterness, their trust overshadowed by willfulness. In His love, God helps them through the problems they create, shows mercy to the innocent Hagar and her son Ishmael, and - when Abraham is 100 years old - fulfills His promise. Their belief restored, the couple weathers an even more brutal test when God instructs Abraham to sacrifice their treasured son.

Follow Abraham up the mountain to carry out his unimaginable duty. Experience God's insistence on complete devotion, and the rewards He extends to those who give it. Accompany Abraham and Sarah on their incredible journey, and learn anew the overwhelming power of faith.
